I definitely recommend it! A very atmospheric game with an interesting plot. What is worth noting is that this isn't mentioned anywhere in the game, but here are 3 campaigns (Imperial, Pagan, Renaissance), so You can have more of a game than You probably could thought after purchase. As for the game itself, mechanics and balance of the game are very well done.. Simply fabulous!. I definitely recommend this game for any fans of 2D platformers wanting something different while on the surface it might look like your everyday 2D platformer, the grappling mechanics make this game much different than most other platformers out there

while the game does have it's flaws, the good far outweighs the bad, so it's a definite recommend from me!. THIS is good but disappointingly short rip. I'll re-install and try again someday to see if it's better. It has a ton of potential. So far the execution just isn't there yet. I recommend following for now. If it improves or is on sale then get it. I'll update if I see someday it has either gotten good or become hopeless.. The game has a lot of issues however I highly recommend you guys give it a go. The idea of the game is very good and it is well worth a shot.

Very fun game to play but gets very hard near end,Very hard. needs at least 1 major update

-I want to drive with my controller

-I want to see my opponents' breaklights

-I want to turn off the racing line

-I want to understand how the online part is working

+it is generally fun. call me, when it got a little put-together. 5 DOLLARS FOR 38 MINUTES AND THAT'S FROM DOING THE GAME TWICE. the fkkkk. that's literally 19 minutes per playthrough and there's not much real variation when all is said and done. u learn a bit more about each monster but its abrupt and limited and just as soon as tehre's plot development it ends and goes back to the main track or the game ends completely again. Not worth 5 dollars....good godd. 1 dollar? sure, go for it. but over 5!?!?! cmon. There are ZERO negative reviews and my review doesn't even showup and its negative....the helllllll, this is shady af.. I need help! I think there is a bug in the beginning of the game. No menu choice comes up when I greet the Trick or Treaters and the game freezes.

leah919. Very fun game. <https://www.youtube.com/watch?v=1WPlxB8sVLg>

2 Ninjas 1 Cup is a retro style platformer with pixel art graphics and simple gameplay mechanics.

Featuring a pink scottish ninja, crude humor and voice acting so bad its good, what more could you ask for :

NOT to be confused with 2 girls 1 cup!!!!

. I can't really make a review because the dang game won't load
